## Planning Addendum History 2009-2010

The Ozarka College Strategic Plan was last updated in May of 2004. A new planning method was adopted in 2006 with the intent of involving all employees in yearly planning as well as to prepare them for the upcoming self-study process. This new method was closely coupled with the Five Criteria for Accreditation of the Higher Learning Commission and added a great advantage to previous planning in that it caused the entire college to interact with these Five Criteria. This interaction provided a hands-on mechanism for facilitating the shared governance process while providing each participant the opportunity to see how the concerted efforts of the College achieve the mission. To further refine this new planning method, the current president proposed weaving a more clearly defined strategic component into the format.

A strategic planning process for the College has been scheduled for April and May 2010 in order to be incorporated into annual planning beginning in January 2010. Meanwhile, to infuse more pertinent strategic direction into annual planning in January 2010 and to update the 2004 stance, a Strategic Planning Direction session was held December 11, 2009. This session was preceded by a SWOT analysis on November 13 and an Employee Satisfaction Survey conducted December 1 - 8 as preparation for the planning meeting. The results of the Strategic Planning Direction session and SWOT are contained within this document.

## Strategic Planning Direction

Members of the Strategic Planning Direction team were charged with the following goal:

Identify strategic direction for the college that fulfills the following two criteria:

- a. We can assume the identified strategic direction to be imminent.
- b. We should begin applying strategies associated with this strategic direction in the upcoming planning cycle (2010-2011) instead of waiting for a full strategic plan to be developed.

The team was composed of the following members who attended the SWOT analysis and/or the Strategic Planning Direction meeting:

Bob Evins, Board of Trustees

Richard Dawe, President

Michael DeLong, Vice President of Academic Affairs

Ron Helm, Vice President of Student Services

Tina Wheelis, Vice President of Finance

Karla Rush, Director of Advancement

Joan Stirling, Director of Planning and Special Projects

Scott Pinkston, Director of Information Systems

Wayne Wilson, Director of Adult Education

Holly Ayers, Division Chair

Ruby Johnson, Division Chair

Kathryn Langston, Division Chair

Michael Orf, Division Chair

Gin Brown, Mountain View Site Director

James Spurlock, Ash Flat Site Director

Steven Baltz, Chair of Faculty Council

Jenny Miller, Chair of Staff Organization

Joseph Smith, Student Government
